

## **PRESS RELEASE**

### **KYLE TEXAS TO HOST THE ABA Elite 8**

#### **Supplemental ABA Rules Information**

The ABA rules are based on the NCAA rules with some rules from the NBA and FIBA. Several special rules create a fast paced, exciting game for fans. When the 3D light goes on, the fans go wild!

When the 3D light is on: 2pt shots = 3 pts 3pt shots = 4pts Half-Court Shot = 5pts

#### **3D Rule**

When a team loses possession of the ball (violation or foul), before PLAYER Control is established in the frontcourt, the 3D RULE IS "ON."

This, of course, also includes any turnover, resulting from a pass from the backcourt. When "3D IS ON"...

One Additional Point Shall Be Added To The Point Value Of A Field Goal:

- A 2-Point Field Goal Shall Have A Value Of THREE Points.
- A 3-Point Field Goal Shall Have A Value Of FOUR Points.
- A 4-Point Field Goal Shall Have A Value Of FIVE Points.

The "3D" Shall Remain "ON," Until:

- The Team Scores
- Attempts A Free Throw For A Personal Foul (other than Flagrant)
- The Other Team Gets Control Of The Ball
- The Quarter/Overtime Ends

#### **Free Throws**

When A Team In Control Of The Ball Is Fouled On A Try For Goal And The "3D Is ON," Free Throw(s) Will Be Administered As Follows:

- On A Successful Field Goal, The Free Thrower Will Attempt One Free Throw. (3D Was Turned OFF After The Goal And The Extra Point Given To Team A.)
- On An Unsuccessful Field Goal Attempt, The Free Thrower Will Attempt:
  - o Three (3) Free Throws, When The Try Is In The 2-Point Area.
  - o Four (4) Free Throws, When The Try Is Behind The 3-Point Line.
  - o Five (5) Free Throws, When The Try Is Behind The Division Line.

#### **Bonus...Regulation Play..."3-D is On"**

When a common foul is committed, the fouled player will attempt the TWO FREE THROWS for the BONUS and the ONE FREE THROW FOR 3-D.

#### **Bonus...Overtime Play..."3-D is On"**

When a common foul is committed, the fouled player will attempt the THREE FREE THROWS for the BONUS and ONE FREE THROW FOR 3-D.
