

Lobbying Rules and Requirements for Lobbyists

Purpose of this ordinance:

The lobbying provisions of this ordinance are designed to improve transparency regarding city business and services to the public. To maintain public confidence and public trust in our city officials and employees when public resources are used and municipal decisions are made, this lobbying ordinance requires certain individuals to register and report exchanges with city officials and city employees.

I. Definitions

City Official means the same as the definition in Section 2.422.

Client means any person on whose behalf lobbying is conducted. If a person engages in lobbying on that person's own behalf, whether directly or through the acts of others, the person is both a client and a lobbyist. In the case of a coalition or association that employs or retains other persons to conduct lobbying activities, the client is the coalition or association and not its individual members.

Employee means any person employed by the city, whether under civil service regulations or not, including those individuals on a part-time basis, and employees of an independent contractor that serve as a staff liaison to a city board or commission.

Lobby or lobbying, except as provided below, means any oral or written communication (including an electronic communication) to a City official or city employee, made directly or indirectly by any person for compensation or economic benefit in an effort to influence or persuade an official to favor or oppose, recommend or not recommend, vote for or against, or

take or refrain from taking action on any municipal question. The term lobby or lobbying does not include a communication or municipal question:

- (1) Merely requesting information or inquiring about the facts or status of any municipal question, matter, or procedure, and not attempting to influence a City official.
- (2) Made by a public official or employee (including, but not limited to, an official or employee of the City) acting in his or her official capacity.
- (3) Made by a representative of a media organization if the purpose of the communication is gathering and disseminating news and information to the public.
- (4) Made in a speech, article, publication, or other material that is distributed and made available to the public, or through radio, television, cable television, or any other medium of mass communication.
- (5) Made at a meeting open to the public under the Open Meetings Act.
- (6) Made in the form of a written comment filed during a public proceeding or any other communication that is made on the record in a public proceeding.
- (7) Made in writing as a petition for official action and required to be a public record pursuant to established City procedures.
- (8) Made in writing to provide information in response to an oral or written request by a City official for specific information.
- (9) The content of which is compelled by law.
- (10) Made in response to a public notice soliciting communications from the public and directed to the official specifically designated in the notice to receive such communications.
- (11) Made on behalf of an individual regarding that individual's employment or benefits.

(12) Made by a fact witness or expert witness at an official proceeding; or

(13) Made by a person solely on behalf of that individual, his or her spouse, or his or her minor children.

Lobbying firm means:

(1) A self-employed lobbyist, or

(2) A person that has one or more employees who are lobbyists on behalf of a client or clients other than that person.

Lobbyist means a person who engages in lobbying for compensation or economic benefit, whether directly or through the acts of another. If an agent or employee engages in lobbying for a principal or employer, both the agent and the principal, or the employee and the employer, are lobbyists. A lobbyist may also include any individual that knows their actions would potentially contribute to a city official or city employee violating Section 2.423.

Municipal question means a public policy issue of a discretionary nature pending or impending before City Council or any board or commission, including, but not limited to, proposed action, or proposals for action, in the form of ordinances, resolutions, motions, recommendations, reports, regulations, policies, nominations, appointments, sanctions, and bids, including the adoption of specifications, awards, grants, or contracts.

Person means an individual, corporation, association, firm, partnership, committee, club, organization, or a group of persons voluntarily acting in concert.

II. Action Triggers

Qualifying contracts, applications, and activities that can trigger lobbying registration

include but are not limited to:

(1) Contracts with the city or subcontractors under a city contract,

- (2) Procurements with the city,
- (3) Requests for Proposal (RFP),

- (5) Applications for zoning changes or preferred scenario amendment requests,
- (6) Requests for special considerations for city services or a change in a Master Plan, Strategic Plan, or Comprehensive Plan,

- (18) or any special requests that are a deviation from the comprehensive plan or Land Development Code (LDC)

Instances where the above contracts, applications, and activities are part of a quid pro quo agreement or for benefit (as defined in Section 2.422) will qualify as action triggers. It may not be necessary to prove the intention to benefit in order to be a qualifying contract, application, or

activity for lobbying registration. Not all variances, waivers, or the platting or re-platting of land automatically trigger lobbying registration (see Exceptions to Registration).

III. Essential Requirements

Lobbyists

(1) Lobbyists are required to identify themselves as lobbyists and disclose their principals, or employers and the project, interest, or business they are representing when speaking before the city council or any board or commission.

(2) If a lobbyist fails to comply with any provision of this ordinance, his or her principal shall not be awarded a contract with the city or obtain any land development permit or legislative approval or other similar services from the city until registration as a lobbyist has occurred or other compliance is made. (2) If a city official meets with an individual that is a registered lobbyist but does not identify themselves as a registered lobbyist, then the city official may choose to act within accordance with Section IV (D) if they believe that the individual is discussing items that may fall within Section II. However, if a city official speaks with a registered lobbyist that fails to disclose themselves as registered lobbyists, their intentions to engage in actions that would fall under Section II, and the city
